

Product Description

Height adaptable reducer profile for BerryAlloc laminate and parquet floors. Minimalistic design, available in silver and stainless steel brushed optic to cover an expansion from 8–10mm.

Dimensions

Top profile: L2000 x W40 x H12 mm

Dimensions with low base profile (7–12mm): L2000 x W40 x H12 mm – 1 pc = 0,70kg

Dimensions with high base profile (12–17mm): L2000 x W40 x H16 mm – 1 pc = 0,75kg

Packaging

1 pc includes 1 reducer profile, 1 height adaptable aluminium base profile (high or low) + plugs and screws to fix the base

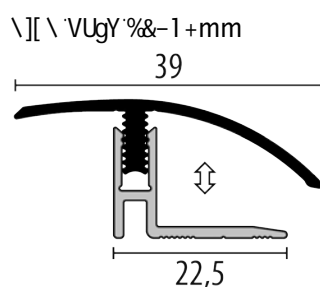

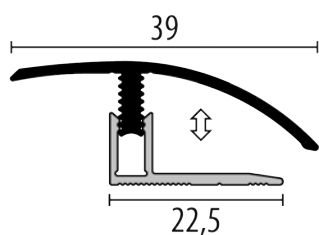

1 pack contains 10 reducer profiles

1 pack 7–12mm profiles = L2100 x W140 x H50 mm = 7 kg

1 pack 12–17mm profiles = L2100 x W140 x H50 mm = 7,5 kg

Check the total floor height (incl. underlay) and choose either the base profile for 7–12mm or the one for 12–17mm floors. A reducer overlaps a maximum height difference of 7,5mm between the highest and lowest floor.

low base 7–12mm
